

Kinnan Family

by

Judy K. Roatcap-Haselwood

This book has been lovingly compiled for you and your family. It will be a constant work in progress and it is hoped that you will help keep it up to date and filled with correct information. Blank Family Group Sheets have been provided in the back for your use. Please feel free to add to this information and when you do, please share your knowledge. Our mailing address and email address are included. Sources are extremely important, so please include the source of your information (personal knowledge is considered a source.)

We have included pictures, but realize they are not the best quality. We will be happy to make copies of any pictures for you. We can make hard copies or electronic copies for you. We would appreciate any pictures you may wish to share. Anything you share with us for this project will be shared with the rest of the family. If you find something in this book that you do not wish to share, please let us know and it will be removed.

We have several pictures that need to be identified and sincerely appreciate any assistance you can give in identifying these family members.

Sources have been noted, but they can be in error, so the more confirmation we have, the better the data. Any assistance you can give to confirm dates, places, names, etc. will be greatly appreciated.

Family stories would make this project much more fun to read and enjoy. Also, some more up-to-date pictures. Please share any stories and pictures you may have. Any suggestions you have to make this book more enjoyable will also be appreciated. It is for your enjoyment and to let your children know their roots.

Please feel free to make copies of any of this information to share with others. You may not have permission to use any of this information for profit. Some things could be copy written. Additional copies of this book are available for the asking.

Thank you in advance for your comments and help,
